Press Note
Rejoinder regarding launch of Dharani

It is to inform that for the use of general public all the corrected and purified land records, i.e. Pahani and RoR-1B are available at all the MeeSeva centres in the state. Anybody who is interested in taking a copy of her/his records can approach any MeeSeva centre in the state and get a certified copy of these records by paying requisite fees. It is further informed that public view of land records over internet is still under process and it shall be available in due course of time. It is further informed that integration of revenue and registration departmental processes is still under development and testing phase and it shall be rolled out by the government at an appropriate time later and no date has been finalised for it till now by the government. As both registration and land record management are sensitive areas and these records affect a large number of people, the new system shall be rolled out after following the due process of testing and pilot run only.
